BUSINESS ACTION ITEM STAFF REPORT

ITEM 3.C. ADOPTION OF RESOLUTION 22-457 TO CONTINUE VIRTUAL MEETINGS PURSUANT TO THE PROVISIONS OF AB 361.

Summary:

At a Special Meeting on September 30, 2021, the Board approved District Resolution 21-433 to continue virtual meetings of the Board of Directors and District committees pursuant to AB 361. AB 361 requires periodic review of the determination for a legislative body to continue to meet via teleconference, and if a state of emergency remains active, then no later than 30 days after meeting via teleconference, the body must make a subsequent finding that it "has reconsidered the circumstances of the state of emergency" and determined that in-person meetings continue to pose a risk to public health. During the August 9, 2022 Regular meeting, the Board approved Resolution 22-455 which extended the "state of emergency" for an additional 30 days. Resolution 22-456 extends the "state of emergency" for an additional 30 days to allow continued virtual meetings.

Possible Outcomes:

- 1) The Board may direct meetings to be held in person.
- 2) The Board may direct meetings continue to be held via teleconference.

RESOLUTION NO. 22-457

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SAN SIMEON COMMUNITY SERVICES DISTRICT PROCLAIMING A LOCAL EMERGENCY PERSISTS, RE-RATIFYING THE PROCLAMATION OF A STATE OF EMERGENCY BY THE GOVENOR ISSUED ON MARCH 4, 2020, AND AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF THE LEGISLATIVE BODIES OF THE SAN SIMEON COMMUNITY SERVICES DISTRICT FOR THE PERIOD OF SEPTEMBER, 22 2022, TO OCTOBER 22, 2022, PURSUANT TO BROWN ACT PROVISIONS

Recitals

WHEREAS, the San Simeon Community Services District ("District") is committed to preserving and nurturing public access and participation in meetings of the Board of Directors; and

WHEREAS, all meetings of the District's legislative bodies are open and public, as required by the Ralph M. Brown Act (Gov. Code, §§ 54950 – 54963), so that any member of the public may attend, participate, and watch the District's legislative bodies conduct their business; and

WHEREAS, the Brown Act, Government Code section 54953(e), makes provision for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District's boundaries, caused by natural, technological or human-caused disasters; and

WHEREAS, it is further required that state or local officials have imposed or recommended measures to promote social distancing, or, the legislative body meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board of Directors previously adopted a Resolution, Number 21-433 on September 30, 2021, finding that the requisite conditions exist for the legislative bodies of the District to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953; and

Resolution 22-457 Page 1 of 3

WHEREAS, as a condition of extending the use of the provisions found in section 54953(e), the Board of Directors must reconsider the circumstances of the state of emergency that exists in the District, and the Board of Directors has done so; and

WHEREAS, emergency conditions persist in the District, specifically, the State of Emergency declared by Governor Newsom on March 4, 2020, due to COVID-19, and strong recommendations by the California Department of Public Health that all persons, regardless of vaccination status, continue to undertake social distancing measures including wearing masks while in indoor public settings; and

WHEREAS, the Board of Directors does hereby find that the rise in SARS-CoV-2 Delta and Omicron variants have caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District, and desires to affirm a local emergency exists and re-ratify the proclamation of state of emergency by the Governor of the State of California; and

WHEREAS, as a consequence of the local emergency persisting, the Board of Directors does hereby find that the legislative bodies of the District shall continue to conduct their meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that such legislative bodies shall continue to comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision (e) of section 54953; and

WHEREAS, the Board of Directors will ensure that the public has access to meetings and the opportunity to participate in meetings in the interest of transparency and as required by AB 361.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the Board of Directors of the San Simeon Community Services District, as follows:

- 1. <u>Recitals</u>. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.
- 2. <u>Affirmation that Local Emergency Persists</u>. The Board of Directors hereby considers the conditions of the state of emergency in the District and proclaims that a local emergency persists throughout the District, and COVID-19 has caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District.
- 3. <u>Re-ratification of Governor's Proclamation of a State of Emergency</u>. The Board hereby ratifies the Governor of the State of California's Proclamation of State of Emergency, effective as of its issuance date of March 4, 2020.
- 4. <u>Remote Teleconference Meetings</u>. The General Manager and Staff of the District are hereby authorized and directed to take all actions necessary to carry out the

Subject: Contract Amendment to conduct Public Outreach for the San Simeon Community Services District's Coastal Hazard Response Plan

Dear Mr. Grace:

Thank you for requesting Dudek to provide public outreach services in support of the preparation of a Coastal Hazards Response Plan (CHRP) for the San Simeon Community Service District (District). Dudek has further refined the scope of work following a meeting with the California Coastal Commission (CCC) and County of San Luis Obispo on September 6, 2022.

Understanding

In fulfillment of CCC Coastal Development Permit (CDP) No. 3-19-0020 and Local Coastal Program (LCP) Round 6 Grant No. LCP-19-02, the San Simeon Community Services District (District) is undertaking public and agency outreach as part of development of a Coastal Hazards Response Plan (CHRP). As outlined in the grant agreement,

Public outreach shall target all interested members of the public, including visitors and other non-residents to the maximum extent feasible for the purpose of meaningful engagement in policy development, technical studies, and other tasks conducted pursuant to the grant Project. All public outreach activities related to the Project shall, to the maximum extent feasible, proactively engage those who already face disproportionate environmental burdens or vulnerabilities to environmental hazards, and/or those who come from communities of existing social inequalities, including members of the public and organizations from the following communities: disadvantaged communities, communities of color and/or low income, communities with low capacity to adapt to climate change, and communities not in close proximity to the shoreline but who visit and recreate there. Outreach activities shall seek to provide maximum opportunities for these groups to engage with and provide input on the tasks of the Project.

The District has already performed some engagement with the public through Board meetings and a dedicated project website. The District has also established initial communication with relevant government agency stakeholders, including California State Parks (CSP), Regional Water Quality Control Board (RWQCB), and San Luis

Obispo County. Dudek will build upon these activities to assist the District in further engage all stakeholders and fulfill all CCC outreach requirements.

To that end, a community engagement strategy shall be designed to meaningfully engage a broad set of community members from San Simeon starting from initial priority identification through review of draft documents prior to completion of the CHRP. The outreach plan focuses on conducting public meetings and virtual and in-person conversations. Other key components include an online visual preference survey, outreach by the District on its social media platforms, and a hosted project website that is continuously updated by the District throughout the CHRP development process. Flyers can be posted at several establishments, in English and Spanish (if needed), within the planning area announcing the first meeting to generate interest and attendance. Additionally, informational flyers and postcards in English and Spanish (if needed) can be distributed to property owners of record and businesses in the census tracts comprising the planning area to promote the plan, increase public awareness and increase participation. All the meetings, outreach materials, and on-line platforms should be provided in both English and Spanish (if needed). Through outreach efforts, the goal is for community members to identify common problems, areas of opportunity, key priorities, and potential solutions.

The scope of work and estimated cost is for Stakeholder Engagement is detailed below.

1. Stakeholder Engagement - Scope of Work

Task 1 Stakeholder Identification

Dudek will develop a list and contact information (physical and electronic) for key stakeholders that SSCSD/Dudek will coordinate with for development of Coastal Hazards Response Plan and eventual WWTP relocation. Stakeholders will include local, regional, state, and federal agencies, as well as all landowners under the CSD, and other interested parties.

The Stakeholder List will be provided to the District, CCC, RWQCB, and County for review. Dudek will revise the stakeholder list through the CHRP process, as necessary.

Cost for Task 1\$3,525.00

Task 2 Community Engagement Plan

During the development of the CHRP, it is imperative to follow an established Outreach Plan to ensure adequate collaboration with the community. The Dudek team recognizes that the District strives to maintain open and transparent communication with stakeholders, and actively supports and encourages building on that trust.

Each community has its own unique identity. Community members are often vocal about the destiny of their communities. We understand that public and stakeholder outreach and engagement are foundational to successful

community planning and the District. Decision-makers must also have at straightforward approach to communicating goals and outcomes and ensuring efficient project implementation. Moreover, effective outreach and engagement must be rooted in the culture of the community and must be consensus driven to build agreement around the CHRP. Therefore, Dudek will generate a Communication and Engagement Plan (CEP) that will serve as a publicly available guide for outreach, communication, and engagement. The CEP will restate the purpose of the Coastal Hazards Response Plan, define and discuss stakeholders and the public, the role of the public and stakeholders in shaping and realizing the project, the overall timeline, eight (8) opportunities for direct engagement (i.e., focused stakeholder workshops and board meetings updates/Q&A) and other engagement (website, emails, etc.). The CEP will specify how the District will structure meetings and workshops, what virtual and/or in person platforms will be utilized, how messages will be delivered, i.e. email, social media posts, print media. In summary, the CEP acts as a project charter that will provide a clear guide to navigating of roles responsibilities of the District and stakeholders, characterize actions, accountability, and results of the project.

Cost for Task 2\$5,025.00

Task 3 Stakeholder Outreach Strategy Meetings

Dudek staff will attend all strategy meetings as necessary throughout the project period. As necessary and appropriate, Dudek will coordinate with District staff, the public, and stakeholders in organizing and facilitating meetings, preparing meeting materials, and meeting summaries. The District will distributing information to all stakeholders.

Task 4 Stakeholder/Community Engagement Meetings

Dudek will assist the District in structuring and facilitating the community engagement meetings. At the initial community engagement meeting, the District will introduce the CHRP, discuss the purpose and outcome, overview the outreach plan, discuss the immediate near-term, mid-term and longer term goals and the outcomes of the process as well as function as a forum for community dialogue and listening.

Meeting topics will include Alternative Site Selection, WWTP Design, Capabilities, and Economics, Alternative Analysis and Preferred Site Selection, and Draft Coastal Hazard Response Plan.

Community Engagement meetings will occur outside of typical work hours and will be planned for a maximum of 90 minutes in length with an opportunity for follow up with District and Dudek staff in the days/week following the meeting. Subsequent community engagement meetings will build upon this initial introduction to discuss obstacles and solutions relevant to the CHRP.

Subject: Contract Amendment to conduct Public Outreach for the San Simeon Community Services District's Coastal Hazard Response Plan

Dudek staff will be at the community engagement meetings to assist the District in facilitating. Meetings will be recorded and notes will be taken so that Dudek can share out the proceedings and outcome. The District will take comments from the community at the subsequent meeting on the meeting notes and outcomes.

Dudek recommends convening at a community center or a school. To maximize attendance, Dudek recommends providing meeting attendees with childcare, food, and drinks and holding the meeting mid-week at 5:30 PM to 7:00 PM or 6:00 PM to 8:00 PM. If needed, Spanish translation of materials and simultaneous interpretation services should also be provided at all meetings. Dudek recommends that the District seek out a local translator or interpreter for the in-person meetings, if needed. The District will be responsible to send out meeting information, via email or postal service, to the stakeholder list at least 10 days prior to the meeting. The meeting agenda and materials will be posted on the District's website by the District 72 hours before the meeting.

Dudek attendees/presenters will include John Davis IV, Project Manager, Mike Metts, Principal WWTP Engineer, and Carolyn Groves, Coastal Planner. Time includes meeting/presentation preparation, outreach materials (as appropriate), meeting attendance, and meeting minutes. Drive Time and mileage from Santa Barbara is also included.

Cost for Task 4\$26,200.00

Task 5 Board Meetings (Virtual)

Dudek staff will attend 4 Board meetings (Virtual) throughout the project period. Dudek will be on standby to provide any consultation services to Board members and/or present information requested by the Board. No formal presentations are expected at the Board Meeting; however, materials may be presented, as necessary. The District has previously used the Board Meetings as stakeholder meetings for the CHRP and Dudek envisions the Board Meetings will continue to provide updates on the CHRP to interested stakeholders basically supplementing the focused in-person Stakeholder Engagement Meetings (Task 4), which will include presentations and direct engagement, and, thereby, in combination achieve eight (8) stakeholder meetings per LCP-19-02 A2 and the Community Engagement Plan (Task 2).

Dudek attendees will include John Davis IV, Project Manager, Mike Metts, Principal WWTP Engineer, and Carolyn Groves, Coastal Planner. Dudek assumes 2 hour per person, per meeting including limited preparation time. Dudek will also record meeting minutes and circulate within one-week following the board meeting.

Cost for Task 5\$5,400.00

projects. Monthly invoicing for approved Tasks will be on a time and material basis. Should the actual effort required to complete the tasks be less than anticipated, the amount billed will be less than the total fee. Conversely, you will be notified should the actual effort to complete the proposed tasks be greater than anticipated.

4 Authorization

It is our understanding that authorization will be provided by the client prior to the initiation of any work effort covered under this proposal. If you have any questions or wish to discuss, please contact me at 805.252.7996 or jdavis@dudek.com.

Enc: Proposal from Padre Associates, Inc.

August 8, 2022 Project No. 2202-1401

San Simeon Community Services District 111 Pico Avenue San Simeon, California 93452

Attention: Charles Grace, General Manager

Subject: Proposal for the San Simeon Community Services District Outfall Pipeline

Maintenance Project – Permitting Support

Dear Mr. Grace:

Padre Associates, Inc. (Padre) is pleased to submit this proposal to provide permitting support for the San Simeon Community Services District (SSCSD) Outfall Maintenance Project (Project). The proposal includes a scope of work and budget for preparation of the required permit application materials for the Project and coordination with Federal and State agencies during the permit application review process.

It is Padre's understanding that the Project will include an inspection of the outfall, replacement of anodes on exposed portions of the pipeline, placement of bags of marine grout under unsuspended spans of the pipeline, and the installation of Fabiform grout bag mattresses on the end cap of the outfall pipeline to stabilize the offshore end of the outfall. These activities will trigger permits from the California Coastal Commission (CCC), U.S. Army Corps of Engineers (ACOE), and the Regional Water Quality Control Board (RWQCB). The Project is within the Monterey Bay National Marine Sanctuary and the Cambria State Marine Conservation Area/State Marine Park (SMCA/SMP); therefore, Federal and State consultation will be required for the Project.

Below is a summary of the tasks included in this proposal:

SCOPE OF WORK

TASK 1 – TECHNICAL STUDIES

Task 1.1 – Biological Assessment

Padre anticipates use of Nationwide Permit 3 – Maintenance (Task 3). Nationwide Permit 3 requires submittal of a Preconstruction Notification, which will also require a Biological Assessment and Essential Fish Habitat Assessment. The Biological Assessment will provide a summary of biological conditions on and around the outfall structure based on any available inspection video or reports and will identify any Project-related affects to Federal threatened or endangered species. The Biological Assessment is required for the ACOE Federal Endangered Species Act Section 7 Consultation for authorization of the Nationwide Permit and will be included in the Preconstruction Notification application.

Task 1.2 - Essential Fish Habitat Assessment

Padre anticipates use of Nationwide Permit 3 – Maintenance (Task 3). Nationwide Permit 3 requires submittal of a Preconstruction Notification, which will also require an Essential Fish Habitat Assessment. The Essential Fish Habitat Assessment will provide a summary of essential fish habitat and conditions on and around the outfall structure based on any available inspection video or reports and will identify any Project-related affects to Federal threatened or endangered species. The Essential Fish Habitat Assessment is required for the ACOE Federal Endangered Species Act Section 7 Consultation for authorization of the Nationwide Permit and will be included in the Preconstruction Notification application.

Task 1.3 – Marine Biological Study

Padre will prepare a Marine Biological Study that will be used during consultation with State agencies, including California State Parks and the California Department of Fish and Wildlife (CDFW) for potential access agreements or use permits regarding the Cambria SMCA/SMP (Task 5). The Marine Biological Study will provide a brief summary of biological conditions on and around the outfall structure based on any available inspection video or reports and will identify any Project-related affects to State threatened or endangered species.

TASK 2 - CALIFORNIA COASTAL COMMISSION COASTAL DEVELOPMENT PERMIT (IMMATERIAL AMENDMENT)

Pursuant to email correspondence received from the CCC, an Immaterial Amendment to the existing Coastal Development Permit (CDP) 3-19-0020. Padre will prepare the Immaterial Amendment application and will submit it to the CCC.

TASK 3 – U.S. ARMY CORPS OF ENGINEERS NATIONWIDE PERMIT AUTHORIZATION

Implementation of the Project will result in the dredged and/or fill material within the Pacific Ocean, which is waters of the United States and within ACOE jurisdiction. Padre will prepare the Preconstruction Notification application and supporting materials to request a Nationwide Permit Authorization and submit the application package to the ACOE.

In order for the ACOE to issue a Nationwide Permit Authorization, they will need to consult with other Federal agencies regarding the Project, including, but not limited to National Marine Fisheries Service (NMFS) and the State Historic Preservation Officer (SHPO). Because the Project is considered a maintenance activity, and impacts to ACOE jurisdiction will be minimal, Padre does not expect that the ACOE will initiate formal consultation with NMFS pursuant to Section 7 the Federal Endangered Species Act. ACOE will also consult with the Monterey Bay Marine National Sanctuary regarding the Project. In addition, Padre does not expect ACOE will initiate consultation with SHPO regarding cultural resources.

TASK 4 - REGIONAL WATER QUALITY CONTROL BOARD WATER QUALITY CERTIFICATION

Implementation of the Project will result in the dredged and/or fill material within the Pacific Ocean, which is waters of the States and within RWQCB jurisdiction. Under the new Federal 401 Rules, Padre will request a Pre-Filling Meeting Request prior to issuance of the Water Quality Certification application. After the Pre-Filling Meeting Request or after 30 days of the request,

Padre will prepare the Water Quality Certification application and submit the application package to the RWQCB.

Prior to issuance of a Water Quality Certification, the RWQCB requires compliance with the California Environmental Quality Act (CEQA). The Project qualifies for a Categorical Exemption, 15301. Existing Facilities. Padre will prepare the Notice of Exemption for approval by the District as lead agency under CEQA.

A Water Quality Certification requires an application fee, which is dependent on the Project impact and fill quantities. The Project impacts are unknown at this time; therefore, Padre is not able to calculate the application fee, and it is not included in our budget for this task.

TASK 5 – STATE AGENCY CONSULTATION

Padre will contact California State Parks and the CDFW to determine if access agreements and/or use permits are required for the Project pursuant to the Cambria SMCA/SMP. If access agreements and/or use permits are required, Padre will work with the State agency to obtain all requirements.

COST ESTIMATE

Costs associated with obtaining the required permits for the Project are included in Table 1. Padre will complete the above scope of work on a time and materials basis invoiced in accordance with Padre's 2021 fee schedule. Padre will not exceed the total amount without written approval from the SSCSD.

SCHEDULE AND ASSUMPTIONS

Several assumptions have been made in developing this proposal and cost estimate and, if not valid, will constitute a change in the scope of services, requiring an adjustment in Project cost and schedule. Padre will notify the SSCSD of any such changes in writing. Assumptions and limitations to our scope of services are presented below:

- The Biological Assessment and Essential Fish Habitat Assessment tasks will be based on existing literature and available inspection video or reports provided by the Client. Field surveys are not included in the budget for these tasks;
- The ACOE will request informal consultation from NMFS; therefore, formal Section 7 consultation is not anticipated;
- Padre does not expect ACOE will initiate consultation with SHPO regarding cultural resources; and
- Permit application fees are not included in the budget for Tasks 2 through 5.

CLOSING

If you should have any questions regarding Padre's proposal and/or require additional information for review purposes, please contact Crystahl Taylor at (805) 786-2650, ext. 111.

Sincerely,

Crystahl Taylor

D.	Business Action Item Discussion, Consideration, and appointment of persons to serve on the budget and water committees.
	THE BUDGET AND WATER COMMITTEES.

ITEM 4.D. DISCUSSION, CONSIDERATION, AND APPOINTMENT OF PERSONS TO SERVE ON THE BUDGET AND WATER COMMITTEES.

Summary:

This item was placed on the agenda at the request of Chairperson Kellas. On an annual basis, the Board Chairperson appoints members to the Budget and Water Committees, subject to approval by the Board. Luz Hernandez has resigned from the Budget Committee and Director Daniel de la Rosa has resigned from the Water Committee.

The committee members are as follows:

Existing Standing Committee Members:

Water Committee: Michael Hanchett, Chuck Grash, Albert Barretto

Budget Committee: Mike Hanchett, Daniel de la Rosa, Miguel Sandoval

Discussion:

The Board Chairperson may request public comment from any person interested in being on either the Water or Budget Committee. Following public comment and any discussion from the Board, the Board Chairperson shall appoint committee members.

The Policy & Procedures manual pertaining to the standing committees and ad-hoc committees is referenced below:

13.01 Standing Committees. The District has the following standing committees:

• Budget/Finances – This committee shall be concerned with the financial management of the District, including the preparation of an annual budget and major expenditures.

- Water/Facility This committee shall be concerned with the formulation of plans for arranging, realizing, and/or achieving the District's goals in regard to alternative water sources and facility maintenance and upgrades.
- **13.02** General Rules Governing Committees. The Chairperson of the Board of Directors shall appoint one (1) or two (2) Board members and three (3) to five (5) members of the public to serve on the Standing Committees subject to Board approval. The Chairperson of the Board of Directors shall publicly announce the members of the standing committees for the ensuing year at the next regular Board meeting following the appointment of the Chairperson of the Board of Directors. Committees shall be governed by the following policies and rules.
 - At its first meeting, each Standing Committee shall select a Chairperson, who shall be one of the Board members on the committee.
 - No more than two Directors of the Board shall serve on any one Committee. Other Directors may attend Committee meetings as *observers* in accordance with the Brown Act. As observers the Board members may not ask questions or make statements while attending the meeting, nor may they sit in the special chairs on the dais while attending the meeting. As observers the Board members have no authority to participate in any way in Committee discussions.
- Committees should focus on matters that typically require extensive research and review.
 - A Committee may take no action. Recommendations for formal action by the Board of Directors are made in the Committee reports.
 - Any Committee that is appointed by action of the Board of Directors and/or has members of the public serving on the Committee shall then come under the posting requirements of the Brown Act and shall be open to the public.
 - The meetings of Standing Committees shall be held when called by the Chairperson of the Standing Committee, other Director member, or the Board Chairperson.
 - Duties and Functions: At the time the Chairperson of the Board of Directors forms the Standing Committee, he/she shall give instructions as to the duties for each Committee. Additional duties and functions may be delegated by the Chairperson, as need arises, subject to Board approval.
 - The Committee shall give a report at the regular meeting of the Board of Directors and if a need to take action should arise, the Committee shall bring a recommendation to the Board of Directors at any duly noticed meeting. The Committee Chairperson shall notify the General Manager of items to be placed on the agenda where action is needed one week prior to the meeting if possible.
- **13.03** Ad Hoc Committees. Ad hoc Committees may be created by the Board of Directors to undertake special assignments on behalf of the Board. An ad hoc Committee shall exist for a specified term or until its special assignments are completed, whichever comes first, but its existence may be extended for an added term or added assignments by action of the Board. Unless otherwise specified, members of an ad hoc Committee shall be appointed by the Chairperson of the Board, subject to Board approval, and shall serve at the Board's pleasure.
