#### **COST - SCOPE OF SERVICES - METHODOLOGY**

The CrisCom Company is proposing a monthly retainer to provide the San Simeon Community Services District with grant writing and grant writing related services. The fee for this service will be \$2,000 per month. This will encompass the following scope of services detailed below.

In providing grant writing services, The CrisCom Company will engage elected officials, key stakeholders and administrating agencies to develop advantageous relationships for the District. CrisCom will work in conjunction with District staff to identify and pursue viable grant opportunities. Additionally, CrisCom will work hand-in-hand with District staff to develop a strategic approach to providing for the District's needs through comprehensive advocacy and outreach efforts.

An in-depth approach and comprehensive strategic planning provides our clients with the proper footing to be successful in the pursuit of grants and other funding opportunities. A key element to this approach is incorporating the direction of the client. As such, the District will have direct access to CrisCom's leadership whenever it is needed.

The CrisCom team will meet with the San Simeon Community Services District to compile a list of projects. The team will then work with the District to prioritize the list based on a needs assessment, which will include a comprehensive review of available funding sources for the identified project. This collaborative approach is imperative to creating successful submissions. While CrisCom is continuously monitoring both public sector and private foundation grants, detailing the specific needs of the District will provide for a tailored and targeted approach.

The CrisCom Company will provide in-person quarterly reports to the District or any time the District deems appropriate. The CrisCom team will also make themselves available anytime to the District department heads and staff. We will provide weekly updates via email and telephone on the progress and status of grant applications in process as well. This will include benchmarking certain items during the writing process and keeping the District apprised of any changes or amendments.

As grant writing professionals it is imperative for our firm to have continual and open communication with our clients. Establishing this early on in the engagement is key to developing and implementing successful grant initiatives. Forecasting available opportunities and working with departments well in advance of Notice of Funding Opportunities will ensure ample time to respond to an opportunity thoughtfully and completely and lead to a successful proposal.

The following 10 step approach to grant writing is the core of CrisCom's grant writing service offerings. Putting our client's needs at the forefront of every project is key.

1. Funding needs analysis by meeting with District department heads to review priorities and funding needs

The CrisCom Company staff will meet with District leadership to conduct a series of assessment meetings to prioritize the funding needs. The meetings will be in-depth and analyze programs and projects from available funding sources in which the District is ready to pursue. These meetings will lay the foundation for the grant pursuit process. In conjunction with these meetings, CrisCom will meet with the Districts State and Federal representatives. These meetings will set the foundations of support to pursue the aforementioned grants, and will provide information to our representatives on the District's current needs.

2. Facilitation of department decision-making process regarding the feasibility of pursuing potential grant opportunities

The CrisCom Company staff will meet with District department heads as grant opportunities become available. The meetings will include a summary review of grant requirements, including any qualifying factors such as monetary match, reporting requirements and grant oversight. These meetings will serve as strategic planning sessions.

3. Facilitation of partnership meetings on grant submissions

The CrisCom Company will meet on a regular basis with District department heads, both in person and over the telephone as the grant is being developed. Communication with District staff is a key component to a successful grant submission. The CrisCom team will work diligently on ensuring that all lines of communication are open and flowing freely to identify the proper grant response and any cross departmental components to strengthen any submission.

- 4. Grant research to identify opportunities that strategically align with the District's goals

  The CrisCom Company will utilize various grant resources to narrow down and find specific opportunities for the District. This process will be aided by the initial departmental meetings to identify needs and connect them with available funding sources in the budgetary year. CrisCom will also work with the local State and Federal representatives to identify any direct funding opportunities.
- 5. Development of requested proposals/applications

Each grant opportunity is unique and contains differing requirements. However, through meticulous attention to detail, CrisCom will work with the District to develop top quality responses to identified viable opportunities. This includes outlining clear and concise program goals to achieve the desired outcomes. CrisCom will work with the District to obtain the needed information and provide a comprehensive draft for the District to review. CrisCom will provide this at least a week in advance of the grant due date, as to provide adequate time for a comprehensive review before submittal.

#### 6. Assist in gathering grant-related information

The CrisCom Company will identify and assist the District in obtaining grant- related information needed for a successful submission. CrisCom's team is astute in garnering information and employing that information into a successful grant. CrisCom will also assist the District in reviewing the data needed for the grant. This includes breaking down the data into smaller pieces of useful information that will bolster the grant response.

#### 7. Estimate of District's commitment if grant is received

A key component to a grant is the grantee's ability to administer the grant successfully. During the initial review of the grant, prior to any submittal, the CrisCom team will review the grant guidelines and ensure the District and the department heads know the requirements of administering the grant. This will include any and all reporting requirements and the length of those requirements. CrisCom will assist the District in these requirements while on retainer. This will be a major determining factor to be considered during the facilitation of the departmental decision-making process regarding the feasibility of pursuing potential grant opportunities.

# 8. Grant proposal development, submission, letters of support and other supporting materials

As discussed previously, The CrisCom Company will provide the District with a draft of the proposed submission at least one week prior to the due date. This will allow for adequate departmental review prior to submitting the grant application. CrisCom will also work with our State and Federal elected officials and strategize with local stakeholders on obtaining letters of support. Ensuring that the grant receives support from a variety of stakeholders speaks volumes with the grant reviewers. CrisCom will always look for ways to set the grant apart from the competition and work to obtain an advantage for the District.

#### 9. Follow up after proposal submission

The CrisCom Company will utilize its relationships with the granting entity to follow up on any and all proposal submissions. This will be done within the confines of the expressed grant criteria and will not take place in any gray areas. CrisCom will strategically utilize the grant supporters, such as our State and Federal representatives to inquire on the District's behalf, when appropriate. CrisCom will also seek to identify, if not explicitly expressed in the application, the proposed timeline the granting agency is looking to follow. This will allow for the District to manage expectations on funding and implementation.

10. Assist with contract, material development, and/or reporting once a grant is awarded The CrisCom Company will stay engaged during all aspects of the successful grant process. It is imperative to shepherd the District through this in order to maintain expectations of a successful implementation. Additionally, CrisCom can and will assist

on any and all reporting where necessary. Some functions of reporting will fall to the department who is awarded the grant, and CrisCom will assist in this process. Furthermore, on an unsuccessful grant proposal, CrisCom will request a debriefing from the granting agency. This will allow our team to comprehensively identify any deficiencies in the application and will bolster the application for the next round of funding.

#### INSURANCE REQUIREMENTS

Prior to the beginning of and throughout the duration of the Work, Consultant will maintain insurance in conformance with the requirements set forth below. Consultant will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth here, Consultant agrees to amend, supplement or endorse the existing coverage to do so. Consultant acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds available to District in excess of the limits and coverage required in this agreement and which is applicable to a given loss, will be available to District.

Consultant shall provide the following types and amounts of insurance:

Commercial General Liability Insurance using Insurance Services Office "Commercial General Liability" policy from CG 00 01 or the <u>exact</u> equivalent. Defense costs must be paid in addition to limits. There shall be no cross liability exclusion for claims or suits by one insured against another. Limits are subject to review but in no event less than \$1,000,000 per occurrence.

Business Auto Coverage on ISO Business Auto Coverage from CA 00 01 including symbol 1 (Any Auto) or the exact equivalent. Limits are subject to review, but in no event to be less than \$1,000,000 per accident. If Consultant owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Consultant or Consultant's employees will use personal autos in any way on this project, Consultant shall provide evidence of personal auto liability coverage for each such person.

Workers Compensation on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000 per accident or disease.

Excess or Umbrella Liability Insurance (Over Primary) if used to meet limit requirements, shall provide coverage at least as broad as specified for the underlying coverages. Any such coverage provided under an umbrella liability policy shall include a drop down provision providing primary coverage above a maximum \$25,000 self-insured retention for liability not covered by primary but covered by the umbrella. Coverage shall be provided on a "pay on behalf" basis, with defense costs payable in addition to policy limits. Policy shall contain a provision obligating insurer at the time insured's liability is determined, not requiring actual payment by the insured first. There shall be no cross liability exclusion precluding coverage for claims or suits by one insured against another. Coverage shall be applicable to District for injury to employees of Consultant, subcontractors or others involved in the Work. The scope of coverage provided is subject

to approval of District following receipt of proof of insurance as required herein. Limits are subject to review but in no event less than \$1 Million per occurrence.

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designated to protect against acts, errors or omissions of the Consultant and "Covered Professional Services" as designated in the policy must specifically include work performed under this agreement. The policy limit shall be no less than \$1,000,000 per claim and in the aggregate. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend. The policy retroactive date shall be on or before the effective date of this agreement.

Insurance procured pursuant to these requirements shall be written by insurer that are admitted carriers in the state California and with an A.M. Bests rating of A- or better and a minimum financial size VII.

General conditions pertaining to provision of insurance coverage by Consultant. Consultant and District agree to the following with respect to insurance provided by Consultant:

- 1. Consultant agrees to have its insurer endorse the third party general liability coverage required herein to include as additional insureds District, its officials employees and agents, using standard ISO endorsement No. CG 2010. Consultant also agrees to require all Consultants, and subcontractors to do likewise.
- 2. No liability insurance coverage provided to comply with this Agreement shall prohibit Consultant, or Consultant's employees, or agents, from waiving the right of subrogation prior to a loss. Consultant agrees to waive subrogation rights against District regardless of the applicability of any insurance proceeds, and to require all Consultants and subcontractors to do likewise.
- 3. All insurance coverage and limits provided by Consultant and available or applicable to this agreement are intended to apply to the full extent of the policies. Nothing contained in this Agreement or any other agreement relating to the District or its operations limits the application of such insurance coverage.
- 4. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to District and approved of in writing.
- 5. No liability policy shall contain any provision or definition that would serve to eliminate so-called "third party action over" claims, including any exclusion for bodily injury to an employee of the insured or of any Consultant or subcontractor.
- 6. All coverage types and limits required are subject to approval, modification and additional requirements by the District, as the need arises. Consultant shall not make

any reductions in scope of coverage (e.g. elimination of contractual liability or reduction of discovery period) that may affect District's protection without District's prior written consent.

- 7. Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverages required and an additional insured endorsement to Consultant's general liability policy, shall be delivered to District at or prior to the execution of this Agreement. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, District has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by District shall be charged to and promptly paid by Consultant or deducted from sums due Consultant, at District option.
- 8. Certificate(s) are to reflect that the insurer will provide 30 days notice to District of any cancellation of coverage. Consultant agrees to require its insurer to modify such certificates to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, or that any party will "endeavor" (as opposed to being required) to comply with the requirements of the certificate.
- 9. It is acknowledged by the parties of this agreement that all insurance coverage required to be provided by Consultant or any subcontractor, is intended to apply first and on a primary, noncontributing basis in relation to any other insurance or self-insurance available to District.
- 10. Consultant agrees to ensure that subcontractors, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with subcontractors who are brought onto or involved in the project by Consultant will be submitted to District for review.
- 11. Consultant agrees not to self-insure or to use any self-insured retentions or deductibles on any portion of the insurance required herein and further agrees that it will review and terminate any subcontract consultant has with a subconsultant, subcontractor, Architect, Engineer or other entity or person in any way involved in the performance of work on the project contemplated by this agreement to self-insure its obligations to District. If Consultant's existing coverage includes a deductible or self-insured retention, the deductible or self-insured retention must be declared to the District. At the time the District shall review options with the Consultant, which may include reduction or elimination of the deductible or self-insured retention, substitution of other coverage, or other solutions.

- 12. The District reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, the District will negotiate additional compensation proportional to the increase benefit to District.
- 13. For purposes of applying insurance coverage only, this Agreement will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or towards performance of this Agreement.
- 14. Consultant acknowledges and agrees that any actual or alleged failure on the part of District to inform Consultant of non-compliance with any insurance requirements in no way imposes any additional obligations on District nor does it waive any rights hereunder in this or any other regard.
  - 15. Consultant will renew the required coverage for the duration of the project.
- 16. Consultant shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from Consultant's insurance agent to this effect is acceptable. A certificate of insurance and/or additional insured endorsement as required in these specifications applicable to the renewing or new coverage must be provided to District within five days of the expiration of the coverages.
- 17. Requirements of specific coverage features or limits contained in this section are not intended as limitations on coverage, limits or other requirements nor as a waiver of any coverage normally provided by any given policy. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue, and is not intended by any party or insured to be limiting or all-inclusive.
- 18. These insurance requirements are intended to be separate and distinct from any other provision in this Agreement and are intended by the parties here to be interpreted as such.
- 19. The requirements in this Section supersede all other sections and provisions of this Agreement to the extent that any other section or provision conflicts with or impairs the provisions of this Section.
- 20. Consultant agrees to be responsible for ensuring that no contract used by any party directly under contract with the Consultant and involved in the portion of the project under control of the Consultant reserves the right to charge District or Consultant for the cost of additional insurance coverage required by this agreement. Any such provisions are to be deleted with reference to District. It is not the intent of District to reimburse any third party for the cost of complying with these requirements. There shall

be no recourse against District for payment of premiums or other amounts with respect thereto.

21. Consultant agrees to provide immediate notice to District of any claim or loss against Consultant arising out of the work performed under this agreement. District assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve District.
