Subject: Agenda Item #2.A: Consideration of Adopting a Resolution Authorizing Remote Teleconference Meetings and Provide Staff Direction as Needed

Recommendation

It is recommended that your Board:

1. Adopt a Resolution Authorizing Remote Teleconference Meetings, consistent with AB-361
2. Discuss and provide direction to staff as needed.

Discussion

On March 4, 2020, Governor Newsom issued a Proclamation of State of Emergency in response to the COVID-19 pandemic. That proclamation remains in effect. As a result of the state of emergency, the Governor issued executive orders that waived the normally strict provisions of the Brown Act relating to holding and participating in meetings via teleconferencing. Executive Order N-29-20 allowed bodies subject to the Brown Act to meet without a physical meeting location, so long as various requirements were met, including providing the public the opportunity to observe and participate in the meeting telephonically or electronically. Executive Order No. N-08-21 extended the suspension of the Brown Act's normal teleconferencing rules through September 30, 2021.

On September 16, 2021, Governor Newsom signed AB 361. This legislation amends the Brown Act to allow legislative bodies subject to the Brown Act to meet via teleconference during a proclaimed state of emergency in accordance with teleconference procedures established by AB 361 rather than under the Brown Act's more narrow standard rules for participation. If the Board of Directors desires to continue to meet remotely via teleconference after September 30, 2021, the Board is required to adopt a resolution making the requisite findings under AB 361. AB 361 allows a board, commission or committee subject to the Brown Act, called "legislative bodies" under the Brown Act, to meet via teleconference without following the normal Brown Act teleconference rules if any of the following circumstances exist:

- A) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.
- B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.
- C) The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of

attendees.
(Gov't Code §54953(e)(1) [AB 361, p. 9].)

If a meeting is held via teleconference under these provisions, the meeting body must provide public access to the meeting and opportunity for the public to address the members of the legislative body as required by AB 361.

AB 361 also requires periodic review of the determination to continue to meet via teleconference. If a state of emergency remains active, then no later than 30 days after meeting via teleconference for the first time pursuant to AB 361, the body must make a subsequent finding that the body "has reconsidered the circumstances of the state of emergency" and determined that in-person meetings continue to pose a risk to public health. Accordingly, staff would propose to return to this Board with subsequent resolutions so long as the state of emergency persists.
